WORLD HOLIDAYS GAME

For two or more players. Each player needs a button, stone, or other marker. On each turn, a player flips a coin—for heads, move one space; for tails, move two spaces. When you land on a question square and answer correctly, move one more space. If not, stay where you are until your next turn. The first person to reach HOME wins! If you get stuck, find the answers at our website: www.KidsAndCultures.com/celebrate.html. Have fun!
