EMBASSY ROW Tour

PA Academic Standards

This is a list of Pennsylvania's Academic Standards that may be covered in the Embassy Row Tour:

ACADEMIC STANDARDS FOR CIVICS AND GOVERNMENT

5.3 How Government Works

- D. Identify services performed by the local, state and national governments.
- E. Identify positions of authority at school and in local, state and national governments.
- K. Identify different ways people govern themselves.

5.4. How International Relationships Function

- B. Recognize that the world is divided into various political units.
- C. Identify ways in which countries interact with the United States.
- E. Identify how nations work together to solve problems.

ACADEMIC STANDARDS FOR ENVIRONMENT AND ECOLOGY

4.8. Humans and the Environment

- B. Know that environmental conditions influence where and how people live.
 - Identify how regional natural resources influence what people use.
 - Explain the influence of climate on how and where people live.

ACADEMIC STANDARDS FOR READING, WRITING, SPEAKING AND LISTENING

1.6. Speaking and Listening

- A. Listen to others. Ask questions as an aid to understanding.
- D. Contribute to discussions. Ask relevant questions. Respond with appropriate information or opinions to questions asked. Listen to and acknowledge the contributions of others. Display appropriate turn-taking behaviors.
- E. Participate in small and large group discussions and presentations.

ACADEMIC STANDARDS FOR HISTORY

8.4. World History

- A. Identify individuals and groups who have made significant political and cultural contributions to world history.
- D. Identify how conflict and cooperation among social groups and organizations affected world history.

ACADEMIC STANDARDS FOR THE ARTS AND HUMANITIES

9.2. Historical and Cultural Contexts

G. Relate works in the arts to geographic regions:

- Africa
- Asia
- Australia
- Central America
- Europe
- North America

ACADEMIC STANDARDS FOR GEOGRAPHY

7.1. Basic Geographic Literacy

B. Identify and locate places and regions.

- Physical features
- Human features
- Regions as areas with unifying geographic characteristics

7.2 The Physical Characteristics of Places and Regions

A. Identify the physical characteristics of places and regions.

- Physical properties
- Earth's basic physical systems

B. Identify the basic physical processes that affect the physical characteristics of places and regions.

- Earth-sun relationships (i.e., seasons and length of daylight, weather and climate)
- Extreme physical events

7.3 The Human Characteristics of Places and Regions

A. Identify the human characteristics of places and regions by their population characteristics.

- The number and distribution of people in the local community
- Human movement in the local community (e.g., mobility in daily life, migration)

B. Identify the human characteristics of places and regions by their cultural characteristics.

- Components of culture (e.g., language, belief systems and customs, social organizations, foods, ethnicity)
- Ethnicity of people in the local community (e.g., customs, celebrations, languages, religions)

C. Identify the human characteristics of places and regions by their settlement characteristics.
